Given the fact that only two trustees accepted the invitation, is the Minister of Education satisfied that our concept of democracy is being well served. *May 11th, 1982.*

GOVERNMENT MOTION

6. *Mr. Miller (Muskoka)*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
2. *Debated April 8th, 1982.*
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

6. *Debated April 15th, 1982.*
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.
8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
11. *Debated April 8th, 1982.*
12. *Debated April 15th, 1982.*
13. *Debated April 22nd, 1982.*
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural

Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

16. *Debated May 6th, 1982.*

17. *Mr. Edighoffer*—Resolution—That, this House, in view of: (1) the present extreme economic stress suffered by residents of Ontario; (2) the recommendation with respect to the Ontario Lottery Corporation contained in the Third Report of the Standing Committee on Procedural Affairs; (3) the fact that the Lotteries Branch of the Ministry of Consumer and Commercial Relations was set up to license non-government lotteries and social gaming events; and (4) the Government's efforts to increase private funding for arts, cultural and recreational activities, directs the Government to place a moratorium on the operations of the Ontario Lottery Corporation and to allow the Lotteries Branch of the Ministry of Consumer and Commercial Relations to fulfill its intended mandate.

18. *Debated May 4th, 7th, 10th and 11th, 1982.*

19. *Mr. Stevenson*—Resolution—That in the opinion of this House, and as a result of the increased potential contribution of biotechnology to Ontario's economic and industrial growth, the Government should take the necessary immediate steps to establish an Ontario Biotechnology Advisory Council representative of industry, government and the academic community. The purpose of such a Council would be: (1) to advise the cabinet and the Minister of Industry and Trade on specific policies and programs designed to allow Ontario to take advantage of the opportunities offered by biotechnology; (2) to identify those areas of research and development of biotechnology in which Ontario has a competitive advantage; (3) to encourage, promote and increase public awareness of the benefits of biotechnology; (4) to liaise with industry and universities to ensure appropriate technology transfer; and (5) to undertake appropriate measures to ensure the availability to skilled manpower for the industry.

20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
22. *Debated May 11th, 1982.*
23. *Mr. McKessock*—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.
24. *Mr. Shymko*—Resolution—That, in the opinion of this House, the Chairman of Management Board of Cabinet, in collaboration with the Secretary for Social Development, the Minister of Community and Social Services and the Minister of Government Services should set an example to the private sector by immediately examining the feasibility of establishing appropriate self-financing facilities for day-care in the workplace or other desired day-care arrangements for the Ontario Government's parent-employees in the Queen's Park Complex; that, the day-care facilities and services' feasibility study should be conducted in consultation with concerned parent-employees, OPSEU, and the Women's Bureau of the Ministry of Labour; and, that, in the opinion of this House, any recommendation from these Ministries should be received and acted upon by this House within one year following the adoption of this Resolution.

PRIVATE MEMBER'S MOTION TABLED ON MAY 17th, 1982

26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

Second Reading Bill 106, An Act to amend the Legislative Assembly Act. *Mr. Breaugh.* *To be debated Thursday, June 10th, 1982.*

Ballot Item No. 22

Mr. McKessock—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
2. *Debated April 8th, 1982.*
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
6. *Debated April 15th, 1982.*
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry

to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
11. *Debated April 8th, 1982.*
12. *Debated April 15th, 1982.*
13. *Debated April 22nd, 1982.*
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural

Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

17. *Debated May 13th, 1982.*

18. *Debated May 4th, 7th, 10th and 11th, 1982.*

19. *Mr. Stevenson*—Resolution—That in the opinion of this House, and as a result of the increased potential contribution of biotechnology to Ontario's economic and industrial growth, the Government should take the necessary immediate steps to establish an Ontario Biotechnology Advisory Council representative of industry, government and the academic community. The purpose of such a Council would be: (1) to advise the cabinet and the Minister of Industry and Trade on specific policies and programs designed to allow Ontario to take advantage of the opportunities offered by biotechnology; (2) to identify those areas of research and development of biotechnology in which Ontario has a competitive advantage; (3) to encourage, promote and increase public awareness of the benefits of biotechnology; (4) to liaise with industry and universities to ensure appropriate technology transfer; and (5) to undertake appropriate measures to ensure the availability to skilled manpower for the industry.

20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié 1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature de
l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires, dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié 3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

tions

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982*.

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
22. *Debated May 11th, 1982.*
23. *Mr. McKessock*—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.
24. *Mr. Shymko*—Resolution—That, in the opinion of this House, the Chairman of Management Board of Cabinet, in collaboration with the Secretary for Social Development, the Minister of Community and Social Services and the Minister of Government Services should set an example to the private sector by immediately examining the feasibility of establishing appropriate self-financing facilities for day-care in the workplace or other desired day-care arrangements for the Ontario Government's parent-employees in the Queen's Park Complex; that, the day-care facilities and services' feasibility study should be conducted in consultation with concerned parent-employees, OPSEU, and the Women's Bureau of the Ministry of Labour; and, that, in the opinion of this House, any recommendation from these Ministries should be received and acted upon by this House within one year following the adoption of this Resolution.
25. *Debated May 18th, 1982.*
26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

27. *Mr. Nixon*—Resolution—That this House instruct a Standing Committee or Select Committee to initiate a review of the rights of the Native Peoples in Ontario as presently existing and to modernize and upgrade such rights to achieve justice and equity for the Native People as full participants in our national community, including such matters as language and education rights, land claims, hunting and fishing regulations, compensation for pollution damage, the teaching of the historical place and cultural role of Native People and such other matters as pertain to the fulfilling of our provincial constitutional commitment in this regard.

142. *Mr. Stokes*—Enquiry of the Ministry—(1) Is the Minister of Education truly interested in the delivery and quality of education in this Province and specifically in the Lake Superior High School; (2) Is the solution to the problem in fact contained in the School Study Committee's Final Report; (3) How in clear conscience can the Ministry of Education allow the expenditure of at least \$662,000.00 to expand the Terrace Bay facility when the solution as recommended by the Study Committee will in fact not result in *any* capital costs; (4) At what point would the Ministry become involved with respect to the decline in the quality of education in a school; (5) If in fact the Ministry of Education is government for the people why are you not listening to the people; (6) What criteria is in existence for the Ministry of Education to

conduct an internal investigation of a school board and/or the administration of a school board; (7) Why would the Regional Office of the Ministry of Education in Thunder Bay not (a) answer questions posed by the School Study Committee, and (b) question the Board of Education regarding its own Minutes of a meeting in December, 1981, at which Marg Toomey moved that nominations be closed; (8) Why has the Ministry of Education, either Regionally or Provincially not done a study in terms of how a twinned campus actually functions, yet recommends that all school study committees study "twinning"; (9) Why has the Minister of Education not attended any meetings or tours in the Lake Superior Board of Education area to attempt to understand the expanse of the jurisdiction of this Board when the Minister has been invited to do so in the past; (10) Why does the *Education Act* not clearly define the role of a director and why are five different terms used, such as Chief Executive Officer, Secretary-Treasurer, etc.; (11) Why would the Minister of Education state in written form that the people of Schreiber would receive "a full hearing" before closure took place; (12) Why is the Ministry of Education not making inquiries into the Lake Superior Board of Education on behalf of the 50% of the communities, including the town councils, which have requested that they be allowed to set up isolated school boards; (13) Is the Minister aware that the Honourable George Wardrope stated in November, 1963, during the official opening of the Schreiber High School, that he, along with Prime Minister Robarts and Education Minister W. G. Davis, were firmly convinced that this was a sound investment which would add significantly to the fabric of the Township of Schreiber; (14) Is the Minister of Education aware that, in his address, Mr. Wardrope mentioned that with an enrolment of 136 students in 1962-63 and 8 teachers the Government felt that the decision to build this school was completely justified; (15) Why is the Minister of Education and her Ministry not concerned about the fact that this school with an enrolment of 160 and the best high school building in the district, with a value in excess of \$1 million, is being closed while the Ministry of Education is authorizing expenditures of \$662,000 to accommodate these 160 students elsewhere; and (16) Is the Minister of Education aware that on the advice of the Minister of Northern Affairs the Town of Schreiber invited the 14 Board of Education Trustees to a closed meeting on Saturday, May 8th, 1982, to give them an opportunity to explain their actions concerning this closure. Government Orders or Motions of Non-Confidence
will be published on the Notice Paper each Thursday.)*

26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

NOTICES

PRIVATE MEMBER'S MOTION

(Private Members' Motions other than those directly related to Government Orders or Motions of Non-Confidence will be published on the Notice Paper each Thursday.)

26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
2. *Debated April 8th, 1982.*
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
6. *Debated April 15th, 1982.*
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry

to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
11. *Debated April 8th, 1982.*
12. *Debated April 15th, 1982.*
13. *Debated April 22nd, 1982.*
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural

Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

18. *Debated May 4th, 7th, 10th and 11th, 1982.*

19. *Mr. Stevenson*—Resolution—That in the opinion of this House, and as a result of the increased potential contribution of biotechnology to Ontario's economic and industrial growth, the Government should take the necessary immediate steps to establish an Ontario Biotechnology Advisory Council representative of industry, government and the academic community. The purpose of such a Council would be: (1) to advise the cabinet and the Minister of Industry and Trade on specific policies and programs designed to allow Ontario to take advantage of the opportunities offered by biotechnology; (2) to identify those areas of research and development of biotechnology in which Ontario has a competitive advantage; (3) to encourage, promote and increase public awareness of the benefits of biotechnology; (4) to liaise with industry and universities to ensure appropriate technology transfer; and (5) to undertake appropriate measures to ensure the availability to skilled manpower for the industry.

20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1982*.

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17 modifié 1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19 modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la Législature de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20 modifié 3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communications entre les administrés et les institutions de l'Ontario (3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982*.

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
22. *Debated May 11th, 1982.*
23. *Mr. McKesock*—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.
24. *Mr. Shymko*—Resolution—That, in the opinion of this House, the Chairman of Management Board of Cabinet, in collaboration with the Secretary for Social Development, the Minister of Community and Social Services and the Minister of Government Services should set an example to the private sector by immediately examining the feasibility of establishing appropriate self-financing facilities for day-care in the workplace or other desired day-care arrangements for the Ontario Government's parent-employees in the Queen's Park Complex; that, the day-care facilities and services' feasibility study should be conducted in consultation with concerned parent-employees, OPSEU, and the Women's Bureau of the Ministry of Labour; and, that, in the opinion of this House, any recommendation from these Ministries should be received and acted upon by this House within one year following the adoption of this Resolution.
25. *Debated May 18th and 25th, 1982.*
26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

27. *Mr. Nixon*—Resolution—That this House instruct a Standing Committee or Select Committee to initiate a review of the rights of the Native Peoples in Ontario as presently existing and to modernize and upgrade such rights to achieve justice and equity for the Native People as full participants in our national community, including such matters as language and education rights, land claims, hunting and fishing regulations, compensation for pollution damage, the teaching of the historical place and cultural role of Native People and such other matters as pertain to the fulfilling of our provincial constitutional commitment in this regard.

(Private Members' Motions other than those directly related to Government Orders or Motions of Non-Confidence will be published on the Notice Paper each Thursday.)

26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

Government Orders or Motions of Non-Confidence
will be published on the Notice Paper each Thursday.)*

-

PRIVATE MEMBER'S MOTION

26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

*Mr. Cousens—Resolution—*That this House acknowledge the positive contributions of Neighbourhood Watch programs in preventing neighbourhood crimes such as vandalism and burglaries, and also that this House encourage interested members of a community to form Neighbourhood Watch groups under the guidance of local police forces. *To be debated Thursday, June 17th, 1982.*

Ballot Item No. 21

*Mr. McKessock—Resolution—*That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 per cent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality. *To be debated Thursday, June 24th, 1982.*

NOTICES

PRIVATE MEMBER'S MOTION

(Private Members' Motions other than those directly related to Government Orders or Motions of Non-Confidence will be published on the Notice Paper each Thursday.)

26. *Mr. Foulds*—Motion under Standing Order 63 (a)—That the Government of Ontario, as a result of its failure in the Treasurer's budget to take any substantive action to assist farmers, homeowners, and unincorporated small business to cope with unprecedented high interest rates, and as a result of its failure to create adequate short-term jobs, and its complete failure to create long-term jobs through a government investment or industrial strategy, and as a result of the Government's policy of shifting the taxation burden to those least able to pay through increases in O.H.I.P. premiums and removing sales tax exemptions on a number of essential goods and services, and as a result of the budgetary policy of the Government which attacks the poor instead of attacking poverty, this Government no longer enjoys the confidence of this House.

NOTICES

QUESTIONS TABLED ON JUNE 2nd, 1982

200. *Mr. Philip*—Enquiry of the Ministry—Would the Ministry of Natural Resources inform the House how many unemployed geologists there are in Ontario. Does the Minister agree with one estimation that there are approximately 500 unemployed geologists in Metropolitan Toronto. Will the Minister inform the House what action his Ministry is taking to provide or stimulate employment for these geologists, most of whom were educated at considerable cost to the Ontario taxpayer, to ensure that this human resource is not lost as these people are forced to seek jobs elsewhere. Will the Minister confirm whether or not officials of his Ministry are presently meeting with Federal authorities to devise a “make work program” for geologists and if this program would consist of computation of existing data, mapping, regional geochemistry surveys, etc. Would the Minister inform the House when this program is expected to be in place. Would the Minister confirm that one of the reasons why such a program is not now underway is that the Prospector and Developers Association has been asked to co-ordinate the program but has refused to do so. Will the Minister inform the House what action will be taken if this Association continues to refuse to co-ordinate the employment program. *June 2nd, 1982.*
201. *Mr. Samis*—Enquiry of the Ministry—Would the Minister of Transportation and Communications inform the House of the total costs involved in replacing the interchange signs on the Macdonald-Cartier Freeway. *June 2nd, 1982.*
202. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Solicitor-General table the following information on each instance of which he is aware, or the O.P.P. is aware, or any other police force is aware, of private investigators acting as undercover agents on picket-lines during labour disputes: (a) The security or investigation firm involved; (b) The employer involved in the dispute; (c) The union or unions involved in the dispute; (d) The start and termination dates of the labour dispute and picket-line activity; (e) The dates during which the undercover agent or agents carried out their activities on the picket-line; (f) The date when the Solicitor-General, the O.P.P., or any other police officer first became aware of the presence of the undercover agent; (g) The date when each employer was first notified or made aware of the presence of the undercover agent; and (h) The date when each union involved was first notified or made aware, etc., of the presence of an undercover agent. *June 2nd, 1982.*
203. *Mr. Mancini*—Enquiry of the Ministry—Would the Ministry please provide the following information concerning the trip to Japan taken by the Ontario Treasurer, Frank Miller: (1) In what capacity has Mr. Miller undertaken this trip; (2) When was the trip originally conceived; (3) When were the final preparations for the trip completed; (4) Would the Ministry provide a copy of the agenda followed by Mr. Miller; (5) What was the purpose of the trip; (6) Would the Ministry provide the names and positions of the people accompanying Mr. Miller; (7) What is the total cost of the trip; (8) Why did the Treasurer not report to the House as to the positive or negative outcome of his trip when he returned on May 31st; (9) Does the Treasurer intend to

report to the House as to the success of this trip; (10) Why did the Treasurer feel the undertaking of this trip so urgent that he took the unprecedented step of leaving the Province immediately after introducing his budget, therefore leaving the opposition and the media without the opportunity to question the author of the budget; and (11) Why did the Treasurer undertake this trip and not the Minister of Industry and Trade. *June 2nd, 1982.*

204. *Mr. Mancini*—Enquiry of the Ministry—Would the Premier provide the following information concerning the Office of the Premier: (1) How many employees were in the Premier's Office in 1971 (either permanent or contract); (2) How many employees are in the Premier's Office for the fiscal year 1982-83 (either permanent or contract); and (3) Would the Premier provide a list of the staff positions and salaries and perquisites associated with those positions for the following fiscal years—1979-80, 1980-81 and 1982-83. *June 2nd, 1982.*

205. *Mr. Mancini*—Enquiry of the Ministry—Would the Premier provide the following information concerning the Cabinet Office: (1) How many employees were in the Cabinet Office in 1971 (either permanent or contract); (2) How many employees are in the Cabinet Office for the fiscal year 1982-83 (either permanent or contract); and (3) Would the Premier provide a list of the staff positions and salaries and perquisites associated with those positions for the following fiscal years—1979-80, 1980-81 and 1982-83. *June 2nd, 1982.*

2. *Debated April 8th, 1982.*
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
6. *Debated April 15th, 1982.*
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry

to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. 9. *Mr. Swart—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.*
10. *Mr. Swart—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.*

Article 17
modifié

1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.

22. *Debated May 11th, 1982.*

23. *Mr. McKessock*—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this coun-

try was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.

24. *Mr. Shymko*—Resolution—That, in the opinion of this House, the Chairman of Management Board of Cabinet, in collaboration with the Secretary for Social Development, the Minister of Community and Social Services and the Minister of Government Services should set an example to the private sector by immediately examining the feasibility of establishing appropriate self-financing facilities for day-care in the workplace or other desired day-care arrangements for the Ontario Government's parent-employees in the Queen's Park Complex; that, the day-care facilities and services' feasibility study should be conducted in consultation with concerned parent-employees, OPSEU, and the Women's Bureau of the Ministry of Labour; and, that, in the opinion of this House, any recommendation from these Ministries should be received and acted upon by this House within one year following the adoption of this Resolution.
 25. *Debated May 18th and 25th, 1982.*
 26. *Debated June 1st, 1982.*
 27. *Mr. Nixon*—Resolution—That this House instruct a Standing Committee or Select Committee to initiate a review of the rights of the Native Peoples in Ontario as presently existing and to modernize and upgrade such rights to achieve justice and equity for the Native People as full participants in our national community, including such matters as language and education rights, land claims, hunting and fishing regulations, compensation for pollution damage, the teaching of the historical place and cultural role of Native People and such other matters as pertain to the fulfilling of our provincial constitutional commitment in this regard.
 28. *Mr. Cousens*—Resolution—That this House acknowledge the positive contributions of Neighbourhood Watch programs in preventing neighbourhood crimes such as vandalism and burglaries, and also that this House encourage interested members of a community to form Neighbourhood Watch groups under the guidance of local police forces.
 29. *Mr. McNeil*—Resolution—That, in view of the success to date of agricultural trade missions in promoting the sale of our farm produce, this House strongly supports and encourages the initiatives of the Ontario Ministry of Agriculture and Food for the expansion of export trade.

206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users or the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*
207. *Mr. Cassidy*—Enquiry of the Ministry—For the most recent years available, what proportion of students entering general courses in grade 9 in Ontario

high schools graduated with an Ontario Secondary School graduation diploma at the end of four years. What proportion of these students who entered grade 9 graduated with a diploma after five or six years. For the same period or periods, what proportion of students who entered grade 9 in advanced programmes graduated with an Ontario Secondary School graduation diploma at the end of four years, or at the end of a longer period. What proportion of students entering grade 9 in a modified or basic level programme graduated with an Ontario Secondary School graduation diploma at the end of four years, or at the end of a longer period of time. What information does the Minister of Education maintain about the retention rate of secondary schools in Ontario. How does the proportion of students who graduate relative to those who entered grade 9 differ at present from the record of 5, 10 and 20 years ago. *June 3rd, 1982.*

208. *Mr. Cassidy*—Enquiry of the Ministry—In view of the \$1,000,000 programme announced for discharged psychiatric patients in the Toronto region, what comparable programmes are being proposed for the needs of discharged psychiatric patients: (a) in Ottawa; and (b) in other areas of the Province. *June 3rd, 1982.*

206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*
207. *Mr. Cassidy*—Enquiry of the Ministry—For the most recent years available, what proportion of students entering general courses in grade 9 in Ontario

high schools graduated with an Ontario Secondary School graduation diploma at the end of four years. What proportion of these students who entered grade 9 graduated with a diploma after five or six years. For the same period or periods, what proportion of students who entered grade 9 in advanced programmes graduated with an Ontario Secondary School graduation diploma at the end of four years, or at the end of a longer period. What proportion of students entering grade 9 in a modified or basic level programme graduated with an Ontario Secondary School graduation diploma at the end of four years, or at the end of a longer period of time. What information does the Minister of Education maintain about the retention rate of secondary schools in Ontario. How does the proportion of students who graduate relative to those who entered grade 9 differ at present from the record of 5, 10 and 20 years ago. *June 3rd, 1982.*

208. *Mr. Cassidy*—Enquiry of the Ministry—In view of the \$1,000,000 programme announced for discharged psychiatric patients in the Toronto region, what comparable programmes are being proposed for the needs of discharged psychiatric patients: (a) in Ottawa; and (b) in other areas of the Province. *June 3rd, 1982.*
209. *Mr. Reed* (Halton-Burlington)—Enquiry of the Ministry—Would the Minister of Natural Resources table all the responses received by the Ministry on the M.N.R. discussion paper, *Towards a Wetland Policy for Ontario*, September 1981. *June 4th, 1982.*
210. *Mr. Reid* (Rainy River)—Enquiry of the Ministry—Would the Treasurer please table all correspondence received by his Ministry since May 13th, 1982, requesting specific changes to the 1982 Ontario Budget. *June 4th, 1982.*

Mr. McKessock—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this country was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 per cent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that section 28, subsection 15 of O. Reg. 262, R.R.O. 1980, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality. *To be debated Thursday, June 24th, 1982.*

tract); (2) How many employees are in the Premier's Office for the fiscal year 1982-83 (either permanent or contract); and (3) Would the Premier provide a list of the staff positions and salaries and perquisites associated with those positions for the following fiscal years—1979-80, 1980-81 and 1982-83. *June 2nd, 1982.*

205. *Mr. Mancini*—Enquiry of the Ministry—Would the Premier provide the following information concerning the Cabinet Office: (1) How many employees were in the Cabinet Office in 1971 (either permanent or contract); (2) How many employees are in the Cabinet Office for the fiscal year 1982-83 (either permanent or contract); and (3) Would the Premier provide a list of the staff positions and salaries and perquisites associated with those positions for the following fiscal years—1979-80, 1980-81 and 1982-83. *June 2nd, 1982.*

206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*

Reg. 262, R.R.O. 1980, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality. *To be debated Thursday, June 24th, 1982.*

(Interim Answer June 7th, 1982. Approximate date information available June 30th, 1982).*
204. *Mr. Mancini*—Enquiry of the Ministry—Would the Premier provide the following information concerning the Office of the Premier: (1) How many employees were in the Premier's Office in 1971 (either permanent or contract); (2) How many employees are in the Premier's Office for the fiscal year 1982-83 (either permanent or contract); and (3) Would the Premier provide a list of the staff positions and salaries and perquisites associated with those positions for the following fiscal years—1979-80, 1980-81 and 1982-83. *June 2nd, 1982.*

205. *Mr. Mancini*—Enquiry of the Ministry—Would the Premier provide the following information concerning the Cabinet Office: (1) How many employees were in the Cabinet Office in 1971 (either permanent or contract); (2) How many employees are in the Cabinet Office for the fiscal year 1982-83 (either permanent or contract); and (3) Would the Premier provide a list of the staff positions and salaries and perquisites associated with those positions for the following fiscal years—1979-80, 1980-81 and 1982-83. *June 2nd, 1982.*
206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*
207. *Mr. Cassidy*—Enquiry of the Ministry—For the most recent years available, what proportion of students entering general courses in grade 9 in Ontario high schools graduated with an Ontario Secondary School graduation diploma at the end of four years. What proportion of these students who entered grade 9 graduated with a diploma after five or six years. For the same period or periods, what proportion of students who entered grade 9 in advanced programmes graduated with an Ontario Secondary School graduation diploma at the end of four years, or at the end of a longer period. What propor-

tion of students entering grade 9 in a modified or basic level programme graduated with an Ontario Secondary School graduation diploma at the end of four years, or at the end of a longer period of time. What information does the Minister of Education maintain about the retention rate of secondary schools in Ontario. How does the proportion of students who graduate relative to those who entered grade 9 differ at present from the record of 5, 10 and 20 years ago. *June 3rd, 1982.*

208. *Mr. Cassidy*—Enquiry of the Ministry—In view of the \$1,000,000 programme announced for discharged psychiatric patients in the Toronto region, what comparable programmes are being proposed for the needs of discharged psychiatric patients: (a) in Ottawa; and (b) in other areas of the Province. *June 3rd, 1982.*
 209. *Mr. Reed* (Halton-Burlington)—Enquiry of the Ministry—Would the Minister of Natural Resources table all the responses received by the Ministry on the M.N.R. discussion paper, *Towards a Wetland Policy for Ontario*, September 1981. *June 4th, 1982.*
 210. *Mr. Reid* (Rainy River)—Enquiry of the Ministry—Would the Treasurer please table all correspondence received by his Ministry since May 13th, 1982, requesting specific changes to the 1982 Ontario Budget. *June 4th, 1982.*
 211. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Labour provide an update on the Ministry's investigation into the use of the substance methyl ethyl ketone at the Hanna Avenue plant of Irwin Toy Ltd. What further action will be taken relating to intimidation of the workers by a threatening letter dated December 16th, 1981. *June 7th, 1982.*
 215. *Mr. Martel*—Enquiry of the Ministry—Further to the question I raised in the House April 16th, 1982, regarding workers in the mill area in Elliot Lake, would the Minister of Labour indicate what steps he will take to review all the W.C.B. claims of mill workers exposed to radiation, in view of the fact that two claims have already been established. *June 7th, 1982.*

Reg. 262, R.R.O. 1980, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality. *To be debated Thursday, June 24th, 1982.*

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
2. *Debated April 8th, 1982.*
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
6. *Debated April 15th, 1982.*
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry

to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
11. *Debated April 8th, 1982.*
12. *Debated April 15th, 1982.*
13. *Debated April 22nd, 1982.*
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural

Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17

1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.

22. *Debated May 11th, 1982.*

23. *Mr. McKessock*—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this coun-

try was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.

24. *Mr. Shymko*—Resolution—That, in the opinion of this House, the Chairman of Management Board of Cabinet, in collaboration with the Secretary for Social Development, the Minister of Community and Social Services and the Minister of Government Services should set an example to the private sector by immediately examining the feasibility of establishing appropriate self-financing facilities for day-care in the workplace or other desired day-care arrangements for the Ontario Government's parent-employees in the Queen's Park Complex; that, the day-care facilities and services' feasibility study should be conducted in consultation with concerned parent-employees, OPSEU, and the Women's Bureau of the Ministry of Labour; and, that, in the opinion of this House, any recommendation from these Ministries should be received and acted upon by this House within one year following the adoption of this Resolution.
25. *Debated May 18th and 25th, 1982.*
26. *Debated June 1st, 1982.*
27. *Mr. Nixon*—Resolution—That this House instruct a Standing Committee or Select Committee to initiate a review of the rights of the Native Peoples in Ontario as presently existing and to modernize and upgrade such rights to achieve justice and equity for the Native People as full participants in our national community, including such matters as language and education rights, land claims, hunting and fishing regulations, compensation for pollution damage, the teaching of the historical place and cultural role of Native People and such other matters as pertain to the fulfilling of our provincial constitutional commitment in this regard.
28. *Mr. Cousens*—Resolution—That this House acknowledge the positive contributions of Neighbourhood Watch programs in preventing neighbourhood crimes such as vandalism and burglaries, and also that this House encourage interested members of a community to form Neighbourhood Watch groups under the guidance of local police forces.
29. *Mr. McNeil*—Resolution—That, in view of the success to date of agricultural trade missions in promoting the sale of our farm produce, this House strongly supports and encourages the initiatives of the Ontario Ministry of Agriculture and Food for the expansion of export trade.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national,

local and cable television companies be permitted in the Chamber at all times during the sittings of the House.

31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.

206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*

Reg. 262, R.R.O. 1980, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality. *To be debated Thursday, June 24th, 1982.*

206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*

206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*

Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
2. *Debated April 8th, 1982.*
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
6. *Debated April 15th, 1982.*
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry

to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
11. *Debated April 8th, 1982.*
12. *Debated April 15th, 1982.*
13. *Debated April 22nd, 1982.*
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural

Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

18. *Debated May 4th, 7th, 10th and 11th and June 14th, 1982.*

19. *Debated May 27th, 1982.*

20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.

23. *Mr. McKessock*—Resolution—That, in the belief that every child should have the opportunity of learning the Judaeo-Christian beliefs on which this coun-

try was founded and recognizing that the religious convictions of those other than Christians are fully protected under the Act and regulations, section 50 of the *Education Act* and regulations pertaining to religious education should be strictly adhered to in the province, particularly recognizing that only 30 percent of Canadians presently attend church regularly so that it is doubly important that students be exposed to Biblical truths and the reasons for our moral standards, and to this end, that subsection 15 of Regulation 28, which allows the Ministry of Education to grant exemptions to Boards, be repealed as it is in conflict with the *Education Act*, section 235, subsection 1 (c) which requires a teacher to inculcate by precept and example respect for religion and the principles of Judaeo-Christian morality.

Does the Minister agree with one estimation that there are approximately 500 unemployed geologists in Metropolitan Toronto. 206. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources advise the House: (1) Given the concern that exists among local forest users operating within the Port Arthur Crown Management Unit as to the manner in which his Ministry's policies will affect them, how does he propose to address this concern now and in the future; (2) In particular, how do the Thunder Bay and Nipigon District Land Use Planning Processes address the concerns of local users of the forest resource. Why are local users being denied access to forest resources in favour of large companies. Will the Minister consider establishing a principle of right of first refusal for local users on Crown Management Units; (3) If, as a result of the Forest Resources Inventory (F.R.I.), the forest base is found to be insufficient to support current use, how, and to whom, will resources be allocated; (4) If the F.R.I. indicates resources in excess of current demand, what will be the priority of allocation, for example, between local and non-local, current and potential users; (5) What will be the format of future public involvement and debate on the Ministry's resource allocation and resource policy decisions regarding the Port Arthur Crown Management Unit; (6) What will be the nature of the appeal process for the Ministry's allocation and policy decisions affecting citizens and/or resources within the Port Arthur Crown Management Unit; (7) How are the Ministry's policies going to protect local users, citizens and their communities within the Port Arthur Crown Management Unit from economic decline and the vagaries of the "boom-and-bust" cycle so prevalent across Northern Ontario; (8) What is the history of resource allocation in the Port Arthur Crown Management Unit. Why was it established. Who were its original users. When and why was priority given to large woodlands operators over smaller year-round, seasonal or part-time cutters in the area. What public input was solicited before the Ministry's policy of attrition was established; (9) Why are large companies given long-term contracts, whereas local users are given only short-term (yearly) permits, thus denying them the ability to plan for long-term operation and investment; (10) Given recent findings, for example in the 1982 Anderson/Bonsor Report, that small, local operators are not only more efficient but less ecologically-damaging than large companies, why is it that the latter have exclusive access to large tracts of land and timber, while small operators do not; and (11) Why are F.M.A.s being signed with large companies when demand by local independents has not been similarly identified and planned for. *June 3rd, 1982.*
